—The small boys will be pleased to learn that Pawnee Bill's Wild West Show will be in town on the 12th of November. This show has been several years ago. The place chosen for the show to be given is the large field in the western part of town.

Mr. Samuel F. Cooper, of Ridgeway, is a candidate for the position of Sergeant at Arms in the House of Representatives. Mr. Cooper was a good soldier in the civil war and did some hard work for the Democratic party in the days when it needed it.

—Brandt will repair watches promptly and will give you the best work at low prices. Railroad watches and all kinds of foreign watches carefully repaired and guaranteed for twelve months. He has every modern appliance for preparing watches. Read his ad.

—Mrs. Lizzie Adams was married last week to Mr. Boone, of Kentucky, the wedding taking place at the bride's home in Kentucky. Mrs. Boone is a sister of Mr. W. R. Doty and Mrs. Dunn and has visited in Winstons, where she is very pleasantly remembered by all who met her.

—The new stores that are being built are fast nearing completion and will, when finished, add greatly to the appearance of Main Street. There is an amount of building going on in town now, and apparently Winstons has taken a new lease on life in spite of hard times and five cent cotton.

—All of the members of the 1st S. C. Regiment will have to be back in Columbia by the night of the 27th and notices have been sent out by the officers to all of the men. Those who do not answer to their names at roll-call on the morning of the 28th will be treated as deserters, and will have to forfeit their pay except in case of sickness.

—A meeting of the white teachers of Fairfield county has been called to meet at M. Z. on Institute Saturday, Oct. 29th. It is desired on part of the committee that all these teachers be encouraged at the homes of the citizens. Any one that is willing to entertain any of these guests on that date will kindly report the same to Prof. Withers.

—The value of the premiums offered at the State fair this year has been increased and every effort is being made by the executive committee to make the fair of '98 the best that has ever been held. One of the principal attractions will be the grand pyrotechnic display, the "Fall of Manila." Every time the farmers of Fairfield County have had exhibits at the fair they have borne off many prizes and they should try and win the lion's share this fall.

How to Prevent Croup.

We have two children who are subject to attacks of croup. Whenever an attack is coming on my wife gives them Chamberlain's Cough Remedy and it always prevents the attack. It is a safe and reliable remedy in this county and it is what we use in our own family. It would not do to be without Chamberlain's Cough Remedy. More of it is sold here than of all other cough medicines combined.—J. M. Nickle, of Nickle Bros., merchant, Nickleville, Pa. For sale by McMaster Co., druggists.

THE PASSENGER DEPOT QUESTION.

There is a good deal of discussion on the streets once in a while as to moving the passenger depot. A great many people are indifferent about it, some are exceedingly anxious to see it moved, and some are bitterly opposed. As far as THE NEWS and HERALD is concerned it would make no practical difference. Cotton is bringing only 4.85, subscribers are paying up slowly, and the chances are that the force will not be financially able to take a trip for several years to come.

Generally speaking, it seems that people doing business in the northern part of town are opposed to any change and those in the southern want a change.

COL. ALSTON DEAD.

Died in Yorkville on Friday Morning.

Col. Joseph K. Alston of the 1st S. C. Regiment died at two o'clock on Friday morning in Yorkville. The newspapers for several days have been reporting Col. Alston's illness, but somehow none of his friends here seemed to think that he was dangerously ill. Col. Alston left Columbia on the 14th of October for the home of his brother-in-law, Mr. William B. McLaw. Upon his arrival in Yorkville Dr. R. Andral Bratton was called and it was discovered that he was suffering from malarial jaundice, combined with acute congestion of the kidneys and liver. On Monday night, the 17th, a collapse from heart failure was noticed and those attending him became alarmed at his symptoms. Col. Alston was born in Fairfield County Nov. 6th, 1860. He was the only child of Wm. F. Alston and Susan Cook, daughter of Gen. Philip Cook of the Confederate army. Wm. F. Alston, of Greenville, a half brother, is his nearest relative. Col. Alston first attended the Porter Academy in Charleston, he also attended Col. Coward's school at Kings Mountain and the Carolina Military Institute, from which he was graduated as senior captain. After graduation he read law in Winstonsboro under Capt. H. A. Gaillard. After he was admitted to the bar he practiced law in Columbia, being associated with H. C. Patton, Esq., under the firm name of Alston & Patton. In 1888 he was married to Miss Bell McCaw, of Yorkville. It goes without saying that his many friends in Fairfield, his native county, were shocked and grieved at his untimely death.

A Clever Trick.

It certainly looks like it, but there is really no trick about it. Anybody who has tried the Lane Back and Neck Kidneys, Malaria or nervous troubles. We mean he can cure himself right away by taking Electric Bitters. This medicine tones up the whole system, acts as a stimulant to the Liver and Kidneys, is a blood purifier and nerve tonic. It cures Constipation, Headache, Fainting Spells, Sleeplessness and Melancholy. It is purely vegetable, a mild laxative, and restores the system to its natural vigor. Try Electric Bitters and be convinced that they are a miracle worker. Every bottle guaranteed. Only 50c a bottle at McMaster Co.'s drug store.

LAFAYETTE COMMISSION.

The following letter was received by the postmaster and handed us for publication:

Chicago, Oct. 15, 1898.

Postmaster, Winstonsboro, S. C.:

Dear Sir: You have doubtless been made aware through the press, or your local school officials, of the movement recommended by President McKinley and inaugurated by the commissioner general of the Paris Exposition to erect, in the name of our school youth, a monument to General Lafayette.

Efforts have been made by the Lafayette Memorial Commission to lay the plans fully before the schools of the United States, with suggestions that exercises be given by the children, for the purpose of raising the funds for the monument. Nearly all of the States have officially the movement and method of raising the fund, but in many instances, owing to the local conditions or stringent rules in the schools, such action has been found impracticable and nothing is being done.

The commission addresses this special letter to you as a representative citizen, believing that the significance and international aspect of this movement will appeal to your judgment and patriotism.

We desire, therefore, if your schools have taken no steps in the movement, that you take the matter up and invite, in such manner as you may think best, voluntary contributions from your people to the end that your community may be represented in this universal tribute. Such amount as you may be able to send will be credited to the school children of your city, and should be made by the people with such understanding. Amounts raised should be sent by November 1st to the treasurer of the commission, Hon. Charles G. Dawes, comptroller of the currency, at Washington, D. C.

If your schools have the matter in hand we ask you to join with them in making the tribute to the memory of the Revolutionary hero worthy of the community from which it comes.

Respectfully yours,
Lafayette Memorial Association,
By Robert J. Thompson, Secretary.

Out in Kansas

lives a happy wife. She writes: "I have used Mother's Friend before two confinements. The last time I had twins, and was in labor only a few minutes. Suffered very little." The reason why

Mother's Friend

does expectant mothers so much good is because it is an external liniment, to be applied upon the outside, where much of the strain comes. It helps because the pores of the skin readily absorb it, and it comes into direct contact with and is absorbed by the parts involved. Morning sickness is quickly banished, and nervousness is completely away. The sense of dread and foreboding is not experienced, even during labor. If confinement is short and almost without pain. Recovery is quick and sure. Best of all, Mother's Friend benefits the unborn just as much as the expectant mother, and when the little one comes it will be strong, lusty and healthy.

Three Doctors in Consultation.

From Benjamin Franklin.

"When you are sick, what you like best is to be chosen for a medicine. It is your best, to be chosen in the second place; what reason (i. e., Theory) says is best is to be chosen in the last place. But if you can get Dr. Incarnation, Dr. Experience, and Dr. Reason to hold a consultation together, they will give you the best advice that can be taken."

When you have a bad cold Dr. Incarnation would recommend Chamberlain's Cough Remedy because it is pleasant and safe to take. Dr. Experience would recommend it because it never fails to effect a speedy and permanent cure. Dr. Reason would recommend it because it is prepared on scientific principles, and acts on nature's plan in relieving the lungs, opening the secretions and restoring the system to a natural and healthy condition.
